

Natural Wet & Clean Bamboo TOOTHBRUSH

ALL-IN-ONE NATURAL TOOTHBRUSH

Our Wet & Clean Bamboo toothbrush is coated with real toothpaste and natural antifungal/antibacterial powder on a 100% bio-plastic bristle.

It's stylish and biodegradable with non-oil based plastic bristle and comes in a full recycled cardboard package.

The brush is ready for ONE step use. The only thing you need is some water to wet it and brush your teeth. After that, you could either dispose it or reuse it with your toothpaste of choice.

100% NATURAL
NO TOOTHPASTE TUBE
ANTIBACTERIAL
RECYCLABLE

0% OIL BASED PLASTIC
REUSABLE
BPA FREE
SUSTAINABLE

Producers' quality certificates:

HYGIENIC WITH ZERO WASTE

Bamboo is one of the most and fast growing natural wood material on earth.

Our natural antibacterial additive in the toothpaste is extracted from crustacean source – full antibacterial and antifungal – helping for a perfect natural disinfection in mouth and keeping the brush clean without using foil protection or plastic covers.

100% natural and biodegradable toothbrush ZERO oil based plastic, no plastic cover or foils and no toothpaste tube anymore.
